

Friday, February 8th – Building Global Innovative Leaders - Join Us!

The New York Chapter of Blacks @ Microsoft (BAM) and the Selective Corporate Internship Program (SCIP), will be sponsoring our first annual Business Summit & Career Expo, a one-day summit designed for top-tier diverse undergraduate, graduates, and MBA students interested in careers in S.T.E.A.M. The goal of the summit is to introduce attendees* to potential internships, part-time, or full-time employment, while having the opportunity to network with high-level executives seeking a talented, diverse and educated workforce.

**Attendees are high-level students who have been thoroughly vetted and pre-screened for this exclusive, by invite-only recruitment event.*

Blacks at Microsoft New York Chapter (BAM)

The Blacks Employee Resource Group (ERG) established in 1989, to advance Microsoft's global diversity strategy. We are committed to actively contributing to the growth and development of local and international communities, with a focus on educating youth and exposing them to emerging technologies and career opportunities in the technology industry. We also support technology initiatives that advance African prospects.

Selective Corporate Internship Program (SCIP)

SCIP is a national 501(c)(3) leadership organization. SCIPs mission is to "Enlighten, Employ, and Empower" diverse underprivileged students for successful careers through corporate mentorship, leadership development, and internship opportunities. SCIP founders are successful entrepreneurs and former HR corporate executives with a wealth of experience in career transition and talent acquisition. SCIP has impacted over 10,000 underserved students since its inception in February 1997.
