

High School Students SCIP to Success at Awards Luncheon

The 8th Annual Selective Corporate Internship Program (SCIP) Luncheon to be held at the Sheraton Hotel, New York City, October 20, 2006.

New York, NY ([PRWEB](#)) October 18, 2006 -- Award winning and nationally recognized McClure Management Group, LLC presents their 8th Annual Selective Corporate Internship Program (SCIP) Luncheon. The luncheon created to honor graduates and corporate supporters of this unique and successful internship program that is titled "the BOOT CAMP Total Immersion Internships."

The SCIP Program was created in 1997 by the dynamic duo of Miguel and Monica Mancebo, owners of McClure Management. Their private business success combined with a keen eye focused on paving the way and opening doors for deserving young people led to the growth of Selective Corporate Internship Programs (SCIP). The Mancebo's were very aware of the lack of opportunity for young people whose backgrounds and education might not normally allow them to consider a career in the corporate world. This led to a plan to link high school students from ethnically diverse backgrounds with corporate leaders and resulted in the creation of SCIP.

SCIP is a six-week paid summer internship program for juniors in high school. Interns are provided with an opportunity to learn about the corporate world. Interns interact with executives from leading companies like: Ernst & Young, Colgate Palmolive, Time Warner, Citigroup Smith Barney and Clarins Fragrance Group. Interns sharpen their technical and writing skills, participate in weekly workshops and work closely with corporate mentors, who make themselves available to answer questions, offer guidance, and assist in preparing them for the business world.

2005 SCIP Alumni, Daniel Mendez says "SCIP is all about learning and having fun doing it. I have met new people, got a head start on my career, and learned how to adapt to a real life work environment."

The program has been so successful in making a positive impact in young adult's lives that New York State Governor George Pataki presented the distinguished "Living the Dream Awards" to Miguel and Monica Mancebo for their work with the Selective Corporate Internship Program (SCIP). The "Living the Dream Awards" is presented to outstanding individuals who have made profound contributions to their communities and to society at large. "We are thrilled to be a part of this important initiative and the historic ceremony at the Apollo Theater," said Monica Mancebo. "It is a true privilege to be recognized by the Governor for SCIP's efforts to empower our nation's youth."

This year's award luncheon to be held at the famed Sheraton Hotel. The luncheon will be hosted by Lynda Baquero Anchor/Reporter for NBC TV4 and awards will present for: Corporation of the Year Award, Clarins Fragrance Group - Leadership Award, Theresa Harrison, Director of Supplier Diversity; Ernst & Young - Corporate Partnership Award, Lisa Banks, Program Manager of Community Relations; Citigroup - Special Recognition Award, Katasha Harley, Senior Manager, HR; Time, Inc. - Campbell Rudder, Regional Director for Sales; AirJamaica.

The luncheon will be attend by leaders in the business world from companies like Adeco, J.P. Morgan Chase, L'Oreal, Morgan Stanley American Express, Tyco and others along with this year's graduating class and SCIP's alumni many who are now working in corporate America or attending college. Over 60 interns have graduated

the program since 1997. Tommy Hilfiger and Colgate Palmolive will be on hand to present special gifts to the 2006 graduating class.

About the Mancebos:
